As a Matrix Healing Teacher i support international therapists as mentor in german and english language. My international network is a collection of doctors, naturopaths, healers, shamans and therapists with whom i create regular supervisions and cooperations.

Thank you, Grazie, Merci...I can't repeat my gratitude often enough! You take away my fears and transform them into confidence and trust in a cosmic way I never thought possible!

Kristine awakened my full potential with her skills. She is a down-to-earth mentor, healer and a very emphatic person. Highly recommend her treatments as well the mentoring and education program.

DR ULRICH WERTH
(NEUROLOGIST AND ACUPUNCTURIST)

Kristine's regression and healing treatments are highly efficient. She has managed to dissolve my fear of backing into parking spaces. Successfully she helped my clients with her methods and way of healing.
